This summer I was asked to teach a short 7-hour Navajo-style weaving class at the Fiber U fiber retreat sponsored by MOPACA. Well, we have been offering two travel-sizes of Navajo-style looms which we developed for teaching two-day workshops, but even those are too large for a 7-hour class, so we've developed an even smaller loom in a kit form - just the size for a mug rug. Our **Mini Navajo-style Loom Kit** includes everything needed to complete a first project: loom, warp, three colors of weft, a small comb, batten, finishing needle and locker hook. Kits are available both with the loom dressed and ready to start weaving for \$69, or not dressed, but with complete instructions for warping for \$44. Recommended instructional weaving books: *Weaving the Navajo Way* by Carolyn Spurgeon, \$22. *Navajo Weaving Way* by Noel Bennett, out of print, and DVD, *Navajo Weaving, Sharing the Technique and Tradition*, Malony and Clark, nearly 4 hours, \$39.95..
